We provide quality, flexible, user-friendly care services that respond to individual needs, promote independence, dignity and choice, in order to maintain or improve the quality of life of those in need and their carers. Registered with both Solihull and Dudley MBCs, FCT is a major supplier of care services to these authorities, the NHS and private service users.

## blanning centre

a lovely, friendly atmosphere...

### blanning centre service offers:

The Blanning Centre is located in Bentley Heath, Solihull in a purpose built and modern facility. Having large airy rooms, with on site catering for freshly prepared food is important, but so is the warm friendly atmosphere that will greet any service user or visitor to the centre.

The centre specialises in providing stimulating day care for older people who are frail and need support during the day. We promote independence, choice and wellbeing, recognising individual needs through regular assessments. The centre has links with Parkinson's UK and supports people with this condition. Day care provides social contact in a safe environment for the service user and gives carers and relatives much needed reliable respite opportunities.

There are a wide range of social activities arranged that are designed to support the person to maintain their independence and provide an opportunity to learn new skills. There are also supported activities within the local community. We can also provide discreet support to individuals with personal care and can arrange for a range of services to be available. The care we give comes with encouragement, patience and a friendly word.

call on **01564 771179** for more information
