colebrook centre

a real home from home...

colebrook centre service offers:

We strive to make the Colebrook Centre a warm, vibrant place with a home from home atmosphere. The centre specialises in providing stimulating person centred day care for older people who have dementia, Alzheimer's or other mental health issues. Day care provides social contact in a safe, supported environment for the service user and gives carers and relatives much needed reliable respite opportunities.

We have a variety of rooms within the centre for arts, crafts, games, dining and relaxation. We offer activities that are meaningful, stimulating and give the opportunity to learn new skills. The well tended garden area provides a safe, pleasant outdoor environment for activities and relaxation.

There are regular supported activities within the local community, using our two minibuses with disabled access facilities. We also provide discreet support to individuals with personal care and can arrange for a selection of other services to be available. The care we give comes with encouragement, patience, dignity, respect and a friendly word.
