

**COMMUNITY CARE SERVICES**  
POSITIVE HELP FOR PEOPLE

# Supported Living and Respite Service

**Our new respite support service is based at Dasset Road in Dorridge, one of our assisted living facilities, this offers a fully furnished flat within the comfort of homely warm surrounding. Where individuals can access support from our qualified support staff.**

A wide range of existing activities take place and Respite users have the option of participating alongside other residents whilst still accessing their current day services if required.

Flexible days are available for those requiring respite. Our aim is to always give the feel of a home from home so that individuals can relax and enjoy their time whilst families get the opportunity for

some respite. Support is tailored on an individual basis and a full support assessment is carried out before admission to ensure this is always person centered.

# Community Care Services

**With over 27 years experience in the care sector we provide specialised person-centered care packages, in individuals home environments across Solihull.**

This enables individuals with learning disabilities, mental health problems or physical disabilities to continue living as independently as possible in their own homes.

Our community support team can assist individuals with a wide range of tasks including shopping trips, one to one support with finances and housing and accessing other services in the wider community.

We have a supported living Scheme in Dorridge for adults with learning disabilities.

Our skilled staff promote independence and provide a high standard of care, whilst ensuring

dignity and respect. All individuals that accesses our community services, will receive a home risk assessment and a full person-centered care plan outlining the needs and outcomes.

We work as part of a multidisciplinary team with health and social care professionals to provide a regular routine that can be relied upon to deliver specialised support. We are a Disability Confident employer and have our own in house training ensuring that all our staff are always up to date with best practises.

We understand how important it is for individuals to have a reliable support service and to have trust in good, experienced staff to be on time and go the extra mile to provide added value for service users and families.

# Blanning Dementia Day Centre

**Our Blanning Dementia Day Centre located in Dorridge, minutes from Solihull town centre offers excellent high-quality care to individuals with memory problems as a result of Alzheimer's, strokes, Parkinson's and other mental health problems.**

The centre has expert staff trained to support individuals whilst promoting dignity, independence and most of all to enjoy their time spent at the Blanning.

We understand that offering regular diverse activities can help stimulate the mind, so have varying weekly timetables which include armchair yoga, a reminiscence room, therapeutic sports activities with qualified sports coaches, as well as other solo and group therapeutic activities.

We can provide support with personal care, transportation and help with social care. Freshly cooked two course meals are also provided as part of the package. Transportation to and from the Blanning is via

our centres minibus, equipped with disabled access and qualified experienced drivers. Our reminiscence room has been designed to stimulate old memories, to encourage conversations about times gone by and is fully equipped with memorabilia and photos to help individuals recall their past.

We can offer regular supported trips out with clients within the local community.
